# BITUSLIP

**New Improved Bituslip is a biodegradable asphalt release agent.**

- Its principal use is for application to truck bodies to enable mixed materials to be discharged freely and without stickage.
- It is not a solvent and will not damage the bitumen.
- It complies with requirements of 900 Series NRA Specification for Roadworks in relation to materials to be used to facilitate discharge of bituminous mixed materials.
- It is environmentally friendly. It does not damage the ozone layer.
- It is coloured to help achieve an even coverage.
- It is safe to handle and does not pose any health hazards when handled in accordance with good occupational hygiene and safety practice.
- Protective gloves and eyewear should be used when handling Bituslip.

**Bituslip** can aid the user to comply with;

**ISO 14001:** 1996 Environmental Management Systems

**OHSAS 18001:** 1999 Occupational Health & Safety Management Systems.

Irish Tar can assist with the installation of spray stations to suit your plant.
